Neo series with mechanical limit switch    Neoplus series with mechanical limit switch, integrated control unit and receiver    Neomat series with electronic limit switch, integrated control unit and receiver    Neostar series with electronic limit switch

User friendly and state-of-the-art control systems allow you to activate, via radio, the system in the way you wish, with touch-cards, digital combination keyboards, or just with a normal key.

**NRC: Nice Radio Connection Freedom travels via radio.**

The Nice Radio system is complete: from portable or wall-mounted controls to weather sensors, and gear motors; reliable products with sophisticated and innovative functions. Time saving and minimal impact in case of renovation: no connection cable, no need to break into walls or create unsightly ducting for cable routing.

**Control systems**

**NiceWay**

Modular radio control system for a flexible range of made to measure solutions

**Stone**  
Portable support

**Ondo**  
Portable or wall-mounted support
